Apply for NIJ's Graduate Research Fellowship in Science, Technology, Engineering, and Mathematics (GRF-STEM). By supporting outstanding graduate research, NIJ is expanding the future pool of young investigators pursuing research with the potential to provide STEM-based solutions to issues that affect crime and the fair and impartial administration of criminal justice in the United States.

To learn more about the GRF-STEM program and see specific examples of research conducted by past and present fellows, visit www.nij.gov/GRF-STEM.

Benefits

- $35,000 annually to cover salary and related costs.
- $15,000 annually to cover tuition, fees, and research expenses.
- Up to three years of funding, usable over a five-year period.

Eligibility

Eligible students must be (1) enrolled full time in a STEM discipline doctoral program and (2) propose dissertation research that is relevant to improving criminal justice practice and policy in the United States.

Qualifying disciplines include, among others:

- Anthropology (Physical)
- Biology
- Chemistry
- Cognitive Science
- Computer Science
- Geoscience
- GIS
- Information Sciences
- Materials Science
- Mathematics
- Pathology
- Physics
- Engineering

Deadline: April 17, 2019

Applications must be submitted via Grants.gov by the academic institution, which must be a fully accredited, doctoral degree-granting institution in the United States or its territories.
